CX240

ABSOLUTE PLEASURE

For those who want to approach to a new way to enjoy pleasant days at sea, the new CX240 is ideal and amazing. As the elder sister CX280i, this beautifully finished boat is designed to enclose a concentrate of amenities and high level of comfort in a small space. The central cockpit is dominated by the pilots' seat, which offers a tiltable backrest which acts as a bench facing the stern or, why not, as a supplementary table to to be used with the "L" shaped sofa. Also in this case, the deck area exploits the generous hull volumes, allowing to house a cozy cabin. The choice of colors, together with the leather and chrome steel finishes of the bow sundeck area, are the setting for a depiction of absolute comfort and total luxury. Remarkable performances are allowed by outboard engines of up to 250 hp and by the exclusively designed hull, stringy but always safe.

CX240

Color creates identity, it is a vehicle of emotion and an alphabet of beauty. The concept of luxury proposed by Capoforte starts from the design of its boats and reaches the colors, materializing the intimate thoughts of each owner. For this reason, Capoforte offers ample possibilities for chromatic customization of its models, thanks to a rich palette of shades with a contemporary taste, to choose from and through which to make each boat unique and precious. Because the energy of an adventure at sea is not a black and white photo.
