STYLE AND LIVABILITY

Capoforte SX200 is an admirable synthesis of functionality and fun, managing to recreate liveable, usable spaces in just six metres. The practicality and the exciting performances of the outboard combined with the great versatility of the deck with its various outfitting options, make Capoforte SX200 perfect for families, as well as younger users: these might desire to approach boating without large financial investments, but also be looking for an outstanding and fun boat.

Color creates identity, it is a vehicle of emotion and an alphabet of beauty. The concept of luxury proposed by Capoforte starts from the design of its boats and reaches the colors, materializing the intimate thoughts of each owner. For this reason, Capoforte offers ample possibilities for chromatic customization of its models, thanks to a rich palette of shades with a contemporary taste, to choose from and through which to make each boat unique and precious. Because the energy of an adventure at sea is not a black and white photo.
